

## NEXT TERM TO START JUNE 28

## I.F.C. Dance Orchestras Announced

### Ella Fitzgerald To Sing With Sabby Lewis' Band; Marsala Also To Play

**Tickets Now On Sale For Dance To Be Held At Statler, April 9**

Sabby Lewis' orchestra with Ella Fitzgerald as a singer will supply part of the music at the All-Tech Formal, sponsored by the Interfraternity Conference, in the Imperial Ballroom of the Hotel Statler on April 9, it was announced last night by Lewis Tyree Jr., '44, dance chairman of the I.F.C.

Joe Marsala will supply the sweet music for the evening's dancing. Marsala although not well-known to the men around the Institute, is a band hailing from Chicago which has been playing in various places in New York for the past several years.

Tickets for the dance are being sold now through the fraternities, the 5:15 Club, and the Dormitory Committee. The price of tickets is \$6.60, and chairman Tyree said that anyone wishing a ticket should get it as soon as possible, as present indications are that some people may be left out. Tables for the dance are now being reserved by William S. Richardson, '44.

Other business at the meeting held last night at Smith House, included a discussion of whether the I.F.C. should send letters to the incoming freshmen in June explaining the fraternity system at Technology. A show of hands indicated that 11 houses were in

(Continued on Page 2)

### 1944 Technique Theme Chosen

**To Be Technology At Present And In Future**

Plans for "The 1944 Technique" are nearly completed, and the opening theme has been decided on, it was announced yesterday. This theme will be based on Engineering and the Future, and will present Technology as it is today, and will look forward to what lies ahead for its engineers.

"The 1944 Technique," as it has been renamed, will come out toward the end of July, 1943, instead of later in the next year, as has been the custom. The reason for this change is that many members of the class of '44 may leave the institute at the end of this term and therefor Technique is being published early, representing the class as it is today so that they will already have a yearbook should it be necessary for them to leave. If this does occur, the book will be mailed to members of the class when it is published in July.

The 1944 Technique is not to be a class annual, but will be a complete yearbook, on the same scale as the 1943 Technique. It will depict student life at the Institute, and include the biographies and names of the class of 1944.

No Technique will be published in January, 1944, and there are no definite plans for any future yearbook at this time.

(Continued on Page 4)

### Bert Edwards Is Acquaintance Music Maker

**Margaret Sullivan Will Distribute Sec'y's Invitations**

The Acquaintance in the Walker Gym on Friday, April 2, from 9:00 P.M. to 1:00 A.M. will furnish the opportunity for many Institute men to meet a large number of secretaries from all branches of the Institute. Bert Edwards will furnish the music for this Dormitory Dance Committee sponsored event.

Ticket sales will be conducted in the Lobby of Building 10 every day next week from 11:00 A.M. to 2:00 P.M. The price of each ticket is \$.91 plus \$.09 tax, a total of \$1.00. In order to accommodate all persons comfortably in the gym only 200 tickets will be sold. All secretaries desiring invitations to the affair may obtain them by contacting Miss Margaret Sullivan.

The dance is being held, in response to many requests from the students, to encourage friendly relations between the students and the secretaries of the Institute.

### May Candidates Will Graduate On Friday, May 28

About 150 men who are candidates for the advanced degrees, and 80 men who are candidates for bachelor's degrees will graduate in a special exercise to be held on Friday night, May 28, at the New England Mutual Hall on Clarendon Street, Boston.

There will be no outside speaker at the ceremony, but Doctor Karl T. Compton will give a farewell address to the graduates. According to Professor R. G. Hudson, Chairman of the Committee on Commencement, it was originally planned not to hold any ceremony, but due to the large number who will get their degrees at this time, and because of requests from some of the graduates, the exercises are to be held.

Following the exercises the President's reception and an informal dance will be held in the same building in the Charter Room on the floor below. Professor Hudson added the interesting fact that this hall is on the site of the old Technology buildings, and that for 40 years, up until 1916, all graduations were held in the Roger's Building on this site. He said that he thought anyone who would have predicted that the exercises would be held there again 27 years later would have been called crazy.

The exercises will be held in cap and gown as usual.

### ERC May Take April 2 Exam; V-1 Sophomore Test Is April 20

**Army Men Take Same Test As Candidates For V-12**

Enlisted Reserve Corps students are eligible to take the joint Army and Navy qualifying test to be given on April 2, it was announced yesterday by the First Service Command through Professor John D. Mitsch, Armed Services Representative at the Institute. This examination, originally announced as the examination for V-12, is to be given at the Institute in Rooms 3-440 and 3-460 on Friday, April 2, 1943 from 9:00 A.M. to 11:00 A.M.

This examination entitles the student taking it to a certificate showing his rating, which may be presented at the time of his call to active duty with the Army. The examination is not, however, open to members of the Naval Reserve, V-1, it was announced.

In order to take the examination, it is necessary for a student to make out a formal application blank, have it approved, and get it back again. These applications are now obtainable at the Advisory Office, Room 1-288. The blanks must be presented by the student for admission to the examination.

In a radiogram from the Adjutant General, stating that the members of the E.R.C. could take the exam, it was specifically stated that, "Enlisted Reserve Corps students taking the test should clearly indicate Enlisted Reserve Corps status on the answer sheet."

**ERC Navy Men Transfer In Groups This Weekend**

Professor John D. Mitsch, Armed Services Representative at the Institute, announced that men in the Army Enlisted Reserve Corps with Navy commitments were being transferred into the Navy this weekend. In addition, he said that a qualifying examination for all men enlisted Class V-1, Naval Reserve, who will have completed four or more semesters of their college course on July 1, 1943, is to be given on Tuesday, April 20, 1943.

In the Navy announcement of this examination they stressed the importance that all men be present for both the morning and afternoon sessions of the examination. Arrangements are being made in other colleges to have men excused from classes on that day, but the date falls during spring vacation here at Technology.

Men who are in V-1 will soon receive letters from the district office of naval officer procurement concerning the Navy College Training Program, as well as post cards which must be returned within twenty-four hours, for the Navy to send the examinations.

All men in the Marine Corps Reserve who are freshmen and Sophomores must also take the same examination, except that certain parts of the prescribed test will not be required of the Marine Reservists. Any man in the reserves, however, may take those parts with the

(Continued on Page 2)

### Institute Says Vacation Between Terms Will Be One Month, Not A Week

#### Official Notice

A request for information regarding probable attendance at the Graduation Exercises for May candidates, to be held on Friday evening, May 28, will be sent to each May candidate on April 2. If any candidate does not receive this request, because of the present confusion in addresses, he should ask for one at the Registrar's Office.

**R. G. Hudson, Chairman of Committee on Commencement.**

### Term Will Start June 28 Instead Of June 7, 1943

Reconsideration has been given to the Institute's calendar for the next academic term, and President Compton has approved changing the opening date from June 7 to June 28, J. R. Killian, Jr., Executive Assistant to the President, announced last night.

Several factors, including the fact that the United States Naval Training Program is scheduled to start on July 1st, dictated this change in the Institute's academic schedule. Since the Navy courses cover sixteen-week terms, like our regular terms, and since this program will interlock with the Institute's regular curricula, it was found possible to simplify schedule problems and lighten staff loads by running the two programs concurrently. Furthermore, an interlude following the present term is expected to be beneficial to students and members of the staff alike.

Under the new schedule the summer term will begin on June 28 and end, including examination period, on October 16. Thus there will be an interlude of nearly a month between the last exercises of the present term on May 26 and the beginning of the new term.

### Marriage Talks Continue Tues.

**Dr. Dearborn Gives Next Lecture In Series**

Dr. James C. Janney gave the second in the series of marriage lectures sponsored by the T.C.A. last Tuesday on the subject "Requirements of Successful Marriage." Next Tuesday, March 30, Dr. Lester W. Dearborn will speak on the "Period of Courtship."

Dr. Dearborn will approach the subject from a psychological point of view, studying the reasons behind the impulses of courtship at various stages of life. During his lecture anyone having a question to ask him may write it down and deposit it in a box at the front of the room at the end of the hour. At his next lecture, on Tuesday, April 6, Dr. Dearborn will answer the questions during the last 15 minutes of his time. Students are encouraged to pose any questions they may have.

#### Eminent Psychologist

Dr. Dearborn is the director of the Personal and Marriage Counsel of the Boston Y.M.C.A. and has been a consulting psychologist since 1926. He has given lecture series on this topic at most of the schools around Boston. He has also lectured to some Institute classes in the Department of Public Health. For ten years he gave a yearly lecture series at Boston Uni-

(Continued on Page 2)

### Mrs. Ford Still Leads Book Drive

Still leading the nation-wide Victory Book Campaign with more than 3,900 bound books to her credit, Mrs. Horace S. Ford, wife of the Treasurer of the Institute, still hopes for more books to be donated, despite the fact that the drive has officially closed.

This week's largest contributors were: Delta Psi, Kappa Sigma, Alpha Tau Omega, and Miss Margaret Kelleher of the Medical Department.

Books may still be brought to the Information Office in the Lobby of Building 7, and from there they will be sent to the men of our armed forces.

### 81 R.O.T.C. Men Are New Officers

**3 Colonels Head Units At Different Drills**

Heading the list of 81 advanced R.O.T.C. students appointed to officers positions on March 19, 1943 were Jack F. Hardie, Jr., '44, William W. Gavin, Jr., '44, and Holten E. Harris, '43. These men have the rank of Colonel and will command the R.O.T.C. regiment at the Monday, Wednesday and Friday drills respectively. The appointments are effective as of April 5, 1943.

Executive officer to Hardie is A. Graham Sterling, Jr., '45, with the rank of Lt. Col. Assisting Gavin and Harris are E. Philip Eaton and Arnold Mackintosh, both of the Class of 1944 and both with the ranks of Lt. Col. in an executive capacity.

#### Majors Appointed

Leland F. Stanley will command the first battalion on Monday while Samuel H. Lamport and Arthur Karol will fill the position on Wednesday and Friday. The second battalion will be commanded by Lawrence E. Nelson on Mondays, by Joel I. Wagman on Wednesday, and by James N. Thurston on Friday. All six battalion commanders have been appointed Majors.

The regimental adjutants' position is to be held down by Captains T. Kemp Maples, Seth E. Bransby, and C. Harold Reeves, Jr., all of the Class of 1944, on Monday, Wednesday and Friday in that order.

Of the 81 appointments announced the largest single number

## OPEN LETTER TO THE HON. PAUL V. McNUTT AND THE HON. HENRY L. STIMSON

Dear Sirs:

The week's news has given us all a heartening stimulus. From the North African front we learned of American offensive power. From the home front came cheering news of increased production while everyone took the rationing increase in stride. In all, these United States presented a picture of a two-fisted eagle, acting in the present and preparing for the bigger fight to come in the future. Big talk is a thing of the past for us.

On one sector of the home front, however, there was no news although this sector may be a mere logistical entry in the phenomenal vastness of total war it is a big problem for us. We have reference to the college students who have become members of the Enlisted Reserve Corps and the Reserve Officers Training Corps. We are aware of the secondary importance of our position, but the situation in regard to the E.R.C. and the R.O.T.C. has become muddled and confused because no one has completely defined the system.

No news has been forthcoming with respect to these students although such news is generally considered long overdue. For this reason we are taking the liberty of assuming that the official attitude on college students is still in a state of flux and further study is needed before a definite policy is crystallized. This may be the reason for the conference of college deans to be held next Wednesday in Washington, and if such is indeed the case, we may hope for definite action in the near future.

Since we have assumed that final decisions still hang in the balance, may we advance several controversial items which we feel need clearing up?

The first of these deals with the apparent reversal of opinion with respect to the training of engineers. Early in the war, college students were besieged with the idea that they must serve in their most important capacity. They were cajoled and humored into believing that their greater good lay in continuing to prepare to serve as engineers, but not until the E.R.C. was created were they completely satisfied that their gesture of patriotism had been recognized. The prospectus was simple—if the need for soldiers exceeded the demand for trained engineers, the E.R.C. to a man was ready to shoulder rifles.

Recently, however, Selective Service Headquarters has announced that henceforth engineering students who can complete their courses of study before 1945 would be deferred to do so. The conclusion to be drawn then, is that as things stand now this year's crop of engineers is to be sacrificed, paradoxically in the interests of the nation.

Draft Boards, too, have come in for a certain amount of criticism for their seeming lack of constancy in applying the directives from Washington. Too often have third year engineers been classified in 1-A while fledglings have been granted deferments, at the apparent whim of the local boards. True there are advantages for having the ultimate selection left in the hands of local boards, but for the national good a definite policy should be established with respect to engineers.

We say "national good" because we were told that our continued studying would contribute to the greater good. We are sincere in our belief that such is the case. In any event we will be ready to serve.

Sirs, please be advised that we are making these suggestions in good faith. We have not lost our perspective of the mighty war effort as a whole but nevertheless we feel that our contribution should not be allowed to be dissipated. Give us the objective and you may be sure it will be attained.

## Activities Notes

### East-West Assoc.

Taking the first step towards becoming a duly recognized society, the M.I.T. East and West Association, which has been in the process of organization during the past year, will hold its first official business meeting at 7:45 P.M. this evening in the Dutch Room of the Graduate House. At this time the society's constitution will be discussed and adopted upon approval of those present.

### Debating Society

On Wednesday, March 31, at 5:00 P.M., the M.I.T. Debating Society will hold a very important meeting in Litchfield Lounge, and all Society members are urged to attend. Some very important announcements will be made by the Managing Board.

Continuing its active schedule of debating, the society will meet a team of debaters from Dartmouth University at 5:00 P.M.,

### All Class B Assocs.

There will be a very important meeting of the executive heads of the below listed Class "B" Activities in Litchfield Lounge on Monday from 5:00-6:00 P.M. It is urgent that all these activities be represented either in person or by proxy:

Architectural Society, Camera Club, Dramashop, Gridiron, Hexapha, Naval Architectural Society, Physical Society, Propellor Club, Quadrangle Club, Radio Society, Sedgewick Biological Society, Tech Demolay Club, Tech International Club, Track Club, and Unity Club.

### Techtonians

The "Techtonians" were featured at a USO sponsored dance on Saturday, March 13. Playing voluntarily for the Buddies Club, the band was well received, and has been asked to play again. The Buddies Club, situated on Tremont Street, is the center of activities for service men in Boston.

The Band is looking for a first trumpeter. Anyone interested should notify Robert A. Schwartz, '45, at Kirkland 0483.

### A.E.S.

The third class of the Aeronautical Engineering Society's Ground School is to be held next Tuesday afternoon at 5:00 in Room 33-319.

This week's lecture is to be taken from chapter three of the manual, and will deal with straight flights. The ground school is a prerequisite to flying in the society's glider.

### Rocket Research

The Rocket Research Society will hold its regular weekly meeting next Monday at 5:00 P.M. in the Tyler Lounge. At this gathering the last meeting's topic, a discussion on the projects which the organization is to undertake, will be continued.

## T. C. A. Conducts Seventh Embassy

### April 23 Set As Date For Annual Meeting

The Seventh Annual Tech Embassy, conducted by the T.C.A., has been scheduled for April 23, and organization will start Monday with the meeting of all the fraternity representatives. Reverend Frederick Kellogg, of the Christ Church, Cambridge, has been chosen as Chief Ambassador.

The meeting of the fraternity representatives will be held in the T.C.A. Office at 5:00 P.M. Monday, March 29. The meeting is for the purpose of discussing plans and electing a fraternity steering committee of three representatives.

### Chaplain Kellogg

Reverend Kellogg is Chaplain to Episcopal Students in Cambridge. This includes Harvard, Radcliffe and Technology students. He will address the general gathering on the afternoon of April 23. In the past he has had much experience in college embassy work around New England.

Reverend Kellogg is to attend the fraternity meeting Monday to explain the meaning and purpose of the embassy.

## R.O.T.C. Promotions

(Continued from Page 1)

went to the Coast Artillery Corps which had 25 men appointed. The Ordnance Department had 24 men chosen as opposed to 14 by the Corps of Engineers, 12 by the Signal Corps and 6 by the Chemical Warfare Service.

The Junior Company will be commanded by Captains Wayne E. Miller, '44, M. Douglas Banus, '44, and Robert B. Meny, '44, on Monday, Wednesday and Friday respectively. Appointments to command the freshmen companies on Monday, Wednesday and Friday are as follows:

Co. "A", Captains Frank K. Bennett, '43, Alvin A. Markus, '44, and Randall N. Pratt, '44. Co. "B", Captains George L. Nelson, '44, Richard R. Wareham, '44, and John A. White, '44. Co. "C", Captains Dudley F. Church, '44, Robert W. Jevon, '44, and Robert A. Plachta, '44. Co. "D", Captains Arthur F. Peterson, '44, Paul G. Nelson, '44, and H. Lee Dickey, Jr., '44.

## Marriage Lectures

(Continued from Page 1)

versity, and just last Tuesday finished his yearly series of ten marriage lectures at Simmons.

Last Tuesday Dr. L. Harold DeWolf was to speak, but because of illness was unable to appear. Dr. Janney, who gave the first lecture substituted for him. Dr. Janney was introduced at the first lecture by Gilbert K. Krulce, '45, and at the second lecture by Frederick J. Blatz, '44, President of the T.C.A. The T.C.A. is sponsoring the lecture series through the Meetings Department, Robert P. Slusser, '45, Director.

The series started March 16 and will run for four weeks, until April 6. The lectures are given in Room 10-250 at 4:00 P.M. each Tuesday and then repeated at 5:00 P.M. Attendance at the last lecture was about 800 persons for the two lectures. The totals at each lecture so far have been running 150 to 200 ahead of last year's.

As always, the lectures are open to everyone who may be interested.

## I. F. C.

(Continued from Page 1)

favor of taking such a move, while only six were not. Chairman William O. Boschen, '44, then asked that anyone interested in undertaking the job of sending out the letters see him in the near future.

As an explanation of what the fraternities should expect to see in the volume of Technique which is to appear in July, William B. Scott, '44, General Manager of Technique explained the lay-out of the coming issue.

Before the meeting was adjourned, Scott was elected the member at large to the executive Committee from last night's meeting. All houses were represented at this meeting.

## E.R.C. Transfer

(Continued from Page 1)

understanding that the scores made on those parts will not in any way be counted against him, but might be of value as a basis for estimate of aptitude for certain courses of study. The Marine Corps also stresses the importance of the examination for men in the reserve.

### ERC Men Transfer

As the Navy now has the releases for men in the Army Enlisted Reserve Corps who designated Navy and Marine Corps preference, the transfers of all men falling in this class will be made this weekend. Starting at 9:00 A.M. Saturday morning, appointments have been made for groups of ten men to be sworn in every day at 9:00 A.M. and 1:00 P.M. until next Wednesday. The men will be taken in alphabetical order, and the Navy men will receive notices of their appointments soon. The members who are transferring to the Marine Corps, however, must go down, and get sworn in at their convenience before next Monday night, as no appointments have been made for them. Professor J. D. Mitsch said that it is very important that the men entering the Marine Corps Reserve get sworn in before Monday night.

NEXT TO UNIVERSITY THEATRE

# Sigma Alpha Epsilon Is Winner As Final Games Of Round Robin Finish

## S.A.E.'s Undeclared; Wood Follows Up With Only One Loss

Sigma Alpha Epsilon swept over the 5:15 Club in the last game of the Round Robin to win the Beaver Key basketball tournament without having dropped a single game. Wood was runner-up having dropped only one game during the series.

In the first game of the final half of the Round Robin Wood trounced the 5:15 Club 59-38. Wood took an early lead and kept increasing it all the way through. In the last quarter the 5:15 defense seemed to go all to pieces and their offense bogged down also. Rehler of Wood led the scoring, racking up 20 points, while Seymour accounted for 16 for the losers. Kulesa snagged 12 points, Meny 10 for the Wood team and Cavichhi bagged 14 for 5:15.

**S.A.E. Stops Phi Delta Theta 28-16**  
In a hard fought game the S.A.E. team edged out Phi Delta Theta 28-16. The score ended one-sided but at the end of the half each team had sunk five baskets for a total of ten points apiece. In the third quarter both teams strove hard to gain a slight lead but each time was foiled on the other's defense. In the last quarter the S.A.E. team came out on the floor with a determined offense which soon began to make itself apparent. The Phi Deltas got slightly panicky and began throwing wild passes. As soon as the purple and yellow perceived this they began taking advantage of the situation and several fast breaks soon resulted in a substantial lead. The S.A.E. team had their zone defense working like clockwork and succeeding in keeping Baker, the Phi Delta's chief sharpshooter, fairly well bottled up. Both teams fought hard but the S.A.E.'s seemed to be slightly outplaying the Phi Deltas all the way and in the last quarter showed the advantage of regular turnouts.

Salisbury, Neff and Bakker sunk a total of six points each for the winners as did Hook and Baker for the Phi Deltas. Hoagland and Smith of the S.A.E.'s each accounted for 4 of their team's points.

Wood's long range sharpshooters succeeded in trouncing Phi Gamma Delta to the tune of 38-24 in the third game of the last half of the Beaver Key Round Robin Tournament. Kulesa chalked up 15 of Wood's points, most of them on a pivot shot from the center of the shooting range. Starros of Wood accounted for 13 points. Starros' long shots spurred his team on to greater efforts from the longer distances. The entire team was a sharpshooting group. Rehler accounted for another 7 of the victor's tallies while Spencer, Tragessar, Lindsay and Stevenson scored 7, 6, 5, and 4 respectively for the Phi Gams.

**S.A.E. Turns Back 5:15, 37-26**  
In one of the cleanest games of the tournament the 5:15 Club dropped a fast game to the purple and yellow of Sigma Alpha Epsilon. Both teams had good defenses and the ball changed hands and courts frequently. In order to keep up with the game both teams had to

(Continued on Page 4)

## Athletic Equipment Returnable Immediately

Each year, due to mid-year switching of uniforms, there is a loss of equipment because the equipment staff does not have any record of these changes. At this time it is impossible to obtain new uniforms and even more unlikely that the old uniforms can be duplicated. It is, therefore, urgent that all institute athletic equipment be turned in to Jim Alexander at the Barbour Field House immediately.

## Attleboro Takes Tech Hoop Title In Final Saturday

### Lexington Five Noses Out Rockland Cagers In Windup Of Class B

After trailing 10-21 at approximately two minutes after the second half opened a fighting Attleboro quintet came back to lick Brockton High, who had defeated them twice during the regular season, and win the class A title in the 18th annual Tech Tourney last Saturday night on the floor of the Cousens Gymnasium at Tufts. The class B final saw Lexington High, which was denied the championship a year ago because of a loss in the semi-final round, played fine ball in nosing out little Rockland High by a score of 30-27 in the other game of the evening.

The new idea of playing both of the final games in the evening instead of one in the afternoon proved a great success as attested by the crowd of approximately 2500 people who were on hand to see the two thrilling windup contests, the largest turnout in the history of the tourney.

In addition to the championship, Attleboro was awarded one of the two cups presented by the U. S. Naval Aviation Cadet selection board to the teams representing the finest Naval Aviation requirements. The class B award went to little Bourne High, with an enrollment of but 150 students.

Trailing by 11 points shortly after the halfway mark, the Attleboro cagers came to life and cut the cords for fifteen successive points before the dumfounded Shoe City quintet could find the hoop. Attleboro demonstrated great power under pressure, having faced the same situation several times before in the tourney, as they went on to win 34-31.

Little Kai Seeto, who spent Saturday morning over a hot ironing board in a Chinese laundry shone for the victors as he beat his larger opponents to the rebounds and set up many beautiful scoring plays for the brilliant Lou Kelley and the soph sensation Mal Wendell as Attleboro scattered the bewildered Brockton defense.

Wendell notched five of his six baskets during the devastating rally and Kelley got four of his five. Ellsworth Ellis and Captain Gene Sylvester accounted for 16 of the 31 Brockton points with beautiful set shots. The Shoe City five made good on seven of its

## '46 Trackmen Set New Marks On Board Track

### Goldie Tops Record In Single Lap Event, Artley Sets New Mark

In another attempt to lower some of the records on the board track, Oscar Hedlund sponsored a meet last Saturday afternoon in which the freshmen in particular were out to better marks set by the frosh of previous years. Competition was conducted in the one and two lap brackets, the man carrying 100 yard dash and the 6 man two lap relay.

Charlie Goldie of the class of '46, a member of the varsity one-mile relay team this winter set a new record of 16.5 secs. for the single lap event, a distance of 146 2/3 yards. The former record of 16.8 secs. was set by Gordon Miller, '27 in 1925. Siegfried Penner, also a freshman, raced to a new mark in the two lap competition when he covered the 293 1/3 yards in 34.4 secs. The old record of 35.2 secs. was held by Frederick Ladd, '30 and was put on the books in 1927. Ladd is now serving as a captain in the U. S. Army.

The six man relay race in which each man runs two laps for a total of one mile was won by Seferian, Kay, Pyle, Beecher, Goldie and Captain Meny in the very fast time of 3:28.0, 3 seconds short of the record established several years ago.

The present wartime stress on improved physical condition has prompted the addition of a new type of race, the man carrying event. In this event a man runs 100 yards with a team mate on his back. Several recent attempts have been made to set a mark and the record now standing was set by the combination of Lew Jester and Charlie Goldie. Jester with Goldie on his back covered the 100 yard distance in 21.6 seconds.

On Wednesday afternoon Jim Artley extended the freshman record for the 28 pound weight when he hurled it 45 feet and 8 inches. The former record held by Melvin Jester stood at 44 feet and 7 inches.

eight free throws while the victors got four for nine.

The Lexington triumph in class B was a real team victory, although as in the two previous games of the tournament, Danny Busa came through for the Minute Men when things looked darkest. With Lexington trailing 24-22 in the final canto Busa racked up four successive points to regain the lead the team

## All Men Interested In Golf To Meet In Walker

A meeting of all men interested in golfing this spring will be held Monday, April 5 at 5 P.M. in the Faculty Lounge of Walker Memorial. It is important that all men who are interested in golf attend this meeting as plans for the season will be drawn up at this time, according to an announcement by John McCarthy, manager of the golf team.

## Signal Corps Routed By Big Guns Of Ordnance Men

Accepting the challenge offered by the Signal Corps, advanced R.O.T.C. unit a powerful quintet from the Ordnance Department went onto the floor of Walker Gym, Wednesday night and proceeded to pummel the Signal Corps cagers for 32 minutes with the final count resting at 60-12. Although limited to 16 points for their opponents 2 in the first half, the Ordnance men cut loose in the second half with a barrage of 44 points which left no doubt as to the outcome.

Next week the Ordnance hoopers will accept a challenge made

## Last Shore School Class Will Be Today

The last class of the Nautical Association Shore School will be held today at 5:00 P.M. in room 1-190. Some 200 students, research workers, secretaries, and Navy Ensigns have been attending this school for the past two weeks, preparing themselves to qualify for sailing the dinghies.

The course has taught knot-tying, rope splicing, the nomenclature of sailing, and in general how to sail the dinghies. On Monday, March 29, the class will go to the sailing pavilion, where a member of the Nautical Association will demonstrate how to rig a dinghie, and how to launch and land one.

Anyone who has been attending the classes and has missed one or two can get the instruction they missed from any of the Nautical Association Coxswains at the pavilion when it opens. Repair work on the boats will begin next week, and it is hoped that the pavilion can be opened on Saturday, April 3.

by the Engineers Unit and will attempt to keep their record unblemished. The game will be held in Walker Gym.

## ASK THE WAR CORRESPONDENT

"I'VE GOT THE NEWS FROM AFRICA."

"BIGGEST HIT IN EGYPT? THAT'S EASY. HAMBURGERS AND COKE."

"You probably read that in your newspaper a while ago. That war correspondent found how our fighting men everywhere want Coca-Cola. It must have something special to be the favorite of the fighting forces. There's taste you don't find anywhere this side of Coca-Cola, itself. And there's that welcome feel of refreshment that goes into energy. Take it from me, Coke is good."

## Only 150 Men May Attend Wheaton Dance

**Tickets to Be Sold  
In Lobby of Bldg. 10  
Today from 10-4**

The Technology quota of men for the Wheaton-Tech Dance tonight has not yet been filled, and students who wish to go may still sign up in the T.C.A. office. If the limit of 150 is not filled by 5:30 P.M. tonight, a notice to that effect will be placed on the T.C.A. bulletin board at that time and any more students desiring to go may take the train to Mansfield on their own. The dance is open to all classes.

Today from 10:00 A.M. to 4:00 P.M. a sign up desk is being manned in the Main Lobby of Building 10. All those who may find it more convenient to sign up at this desk are asked to do so as early as possible. Tickets will be available for the round trip and payment will be made at the desk.

The dance starts at about 7:45 P.M. and is informal. Music will come off the record until closing time, about 11:15 P.M. The early hour is necessitated by poor train connections. Railroad tickets are obtained at the time of signing up, but the bus fare must be paid on the bus. There are no other expenses involved.

### Transportation

The majority of those going will take the 6:20 P.M. train from South Station to Mansfield. Those who can't make this train may take the 7:30 train. The 6:20 train also stops at Back Bay at 6:24. The fare, round trip, to Mansfield is \$1.22. There, special busses will meet the students to take them to Norton, where Wheaton is located. After the dance busses will again pick up the students at Norton and take them to Mansfield, where train connections will get the students back to South Station at 12:45 A.M. Bus fare is 20c each way. If the equipment is available, two extra coaches will be put on the trains each way to assure plenty of seats.

## Beaver Key Basketball (Continued from Page 3)

make frequent substitutions. Heydt of S.A.E. was high scorer with 16 points, followed by Cavicchi of 5:15 with 9. Jim Hourihan, frosh player who has only been out lately, accounted for 8 tallies for the losers. Myers and Hoaglund of S.A.E. and Seymour of the Commuters turned in 6 markers. The purple and yellow held the lead all the way.

The last game of the tournament found the Phi Deltis striving hard to break into the winning column, but to no avail. In a game that should have been played with hip and shoulder pads the Phi Gams managed to out-fight the Phi Deltis to win by a scant 29-27. Both teams fought hard and unintentionally caused a lot of bodily contact. Lindsay and Spencer netted 13 and 11 points respectively for the Phi's and Baker and Hook accrued 8 apiece for the losers. Taylor of Phi Gams took 7 and Lamade of Phi Delta Theta accounted for 6.

Game Totals for Tournament			
S.A.E.	Won 4	Lost 0	
Wood	Won 3	Lost 1	
Phi Gamma Delta	Won 2	Lost 2	
5:15 Club	Won 1	Lost 3	
Phi Delta Theta	Won 0	Lost 4	

## Tech Tourney

(Continued from Page 3)

had lost early in the second period. Charlie Carota, relinquishing his high scoring role to act as feeder, had the satisfaction of scoring the winning basket 35 seconds before the final whistle. Pete Crowley almost beat the winners single handed as he garnered 17 tallies for the losing cause but the load was too much for the 135 pound marksman to carry. Ed Kelleher and George Clark took care of the refereeing in the class A final while Arthur Gore and Joe O'Brien handled the officiating chores in the class B windup.

## Infirmiry List

In the Homberg Infirmiry last night were:

Oliver G. Selgridge, '46  
Aristieds S. Phoutrides, '46  
Rosemary J. Burghoff, '44  
Warren A. Bishop, '44  
Preston A. Wells, Jr., '44  
Richard L. Mela, '45  
H. Raymond Corwin, '44  
Durga S. Bajpai, '46  
T. Kenneth Kelley, '43  
Dwight Cullmus, '43  
Thomas W. Carmody, '44  
W. Reid Smith-Vaniz, Jr., '46

## Technique

(Continued from Page 1)

The last chance for members of the Class of 1944 to have their pictures taken for the 1944 Technique will be on Monday, March 29, 1943. The photographer has been held over to accommodate the last minute rush of those Juniors who neglected to make appointments earlier. These appointments should be made in Room 3-432.

These pictures must be taken now, as it is necessary to have this section of Technique finished early. The make-up of this section is a long tedious job which requires a great deal of checking and rechecking.

IT'S A NAVY TRADITION

Never in the  
entire history  
of the United  
States has our  
fleet lost a  
major sea battle

HERE'S A BRAVE TRADITION and a challenge that the gallant officers and men of the United States Navy will uphold to the last man. Our job here in the Morse uniform department, while less heroic, is to maintain the Leopold Morse tradition of service to commissioned officers. We again renew our pledge to YOU . . . the People at war . . . to serve you in the manner befitting your proud stations. We are equipped to outfit you from head to toe in record time and with the utmost efficiency . . . a Morse tradition for 91 years.
